Notes for the team

- Keep the original PDF unchanged and export edits as a separate copy.
- Confirm annotations, page tools, sharing, and printing before submission.
- Use the same public privacy-policy URL in both store consoles.

LOCAL-FIRST

Documents stay on this device unless the user chooses to share or connect Drive.

Review notes

A second page proves that paging controls reflect the document truthfully.

Final check

[Open](#) • [Annotate](#) • [Export](#) • [Print](#)

The source fixture is generated deterministically and contains no private data.
