

# Welcome to Iroha PDF

A practice document. It lives only in this app, so nothing you do to it touches your own files.

## 1. Highlight

Choose Highlight, then drag across this sentence to mark it.

## 2. Pen

Choose Pen and draw inside the box below. Undo takes a stroke back.

Draw here

## 3. Text

Choose Text and tap anywhere on the page to leave a comment.

## 4. Notes

Notes are saved as you type, on this device.

# A second page

This page is here so that page navigation and the page tools have something to work with.

Try reordering, rotating or extracting pages. Each of those writes a new PDF.

When you are done, open one of your own PDFs. This sample can be deleted at any time.
